

For many years we have advised and looked after care recipients and patients in their own homes or in sheltered housing in the city of Potsdam, near Berlin. Thus our client patients can receive holistic care according to their personal needs through both nursing and medical supervision.

Our staff carry the joint responsibility to ensure qualitative care and ongoing further development.

To strengthen our team we are currently looking for:

Care Assistants (m/f) for our out-patient care service

Geriatric Care Assistants (m/f)

Health and Nursing assistant (m/f)

Nurse (m/f)

Your duties:

- independent implementation of basic nursing care
- psycho-social care, occupational therapy
- Assisting professional personnel during medical treatment care
- independent processing of nursing documentation, assisting in care planning
- nurses whose qualifications have been recognized in Germany will also be able to take on all medical duties covered by their qualification

Your profile:

- completed minimum 200-hour basic care course or 1-year training as geriatric care assistant or health and nursing assistant desirable, but not mandatory
- relevant experience is an advantage, this might also involve care within own family
- we do give interested new entrants a chance to learn in this exciting profession
- a good command of written and spoken German (at B1 language level or higher)
- a driving licence is desirable, but not a must driving licence can be paid by us if necessary
- friendly, open demeanour, empathy, reliability, flexibility
- willingness and ability to work independently

Our offer:

- permanent contract of employment with flexible working hours
- attractive remuneration with night, weekend and holiday premiums
- interesting and varied field of work
- pleasant working atmosphere with very friendly colleagues
- further training and career development opportunities
- always ready to listen to your wishes and concerns
- initial accommodation in shared flats/apartments and support in finding own accommodation
- in addition to the housing situation, we also help with transportation to work (monthly pass for public transport)
- in addition we are a permanent contact partner offering support for all matters concerning daily
- support for further learning of the German language to B2 level
- support in attaining recognition as a nurse in Germany, if required

Make up your own mind about us and take up our offer of some days to have a look around and get to know us. Our personal consultant is looking forward to receiving your application via email and will gladly give information in advance on the telephone: + 49(0)160 2395 112
